

# The 10 Places A Carolina Student Will Go

**1.** **Davis Library** is located on Raleigh Road right next to the Student Union. Davis is where many students go to study; it has 8 floors to choose from.

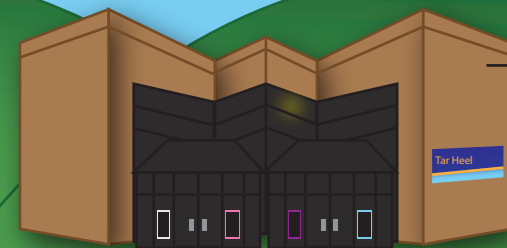

**2.** The **Student Union** is located on North Campus on South road and Raleigh Street. The Union is where you can find Alpine Bagel Cafe as well as a lot of students during the day. It is also where CUAB plays free movies on the weekends.

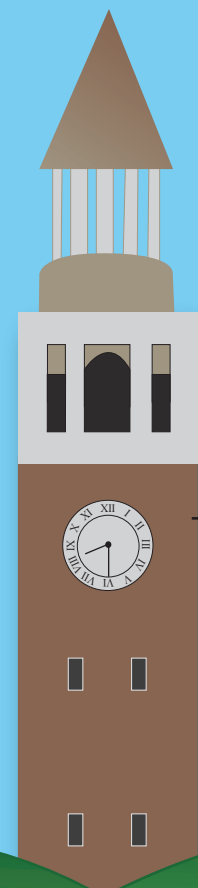

**3.** **Lenior Dining Hall** is one of the options on campus for food. Students can go to the top of Lenior to use their meal plan, or they can go to the bottom of Lenior, called Lenior Mainstreet, to grab quick meals such as Chick-fil-A and Subway

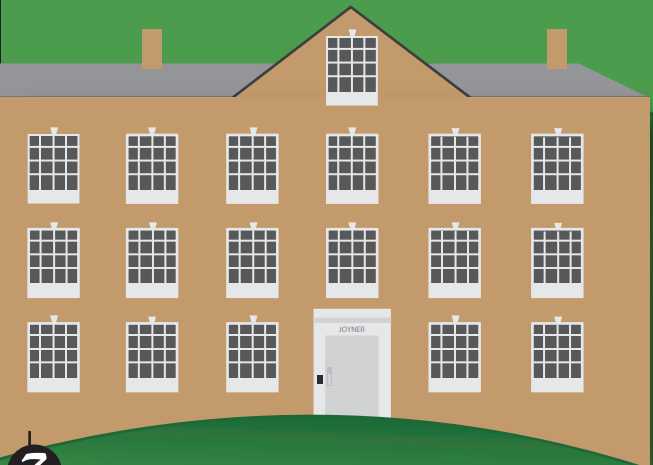

**4.** The **Pit** is located in between the Student Union, Lenior Dining Hall, and Student Stores. This is where you will find a majority of students during lunchtime catching up with friends or looking at what is going on around campus.

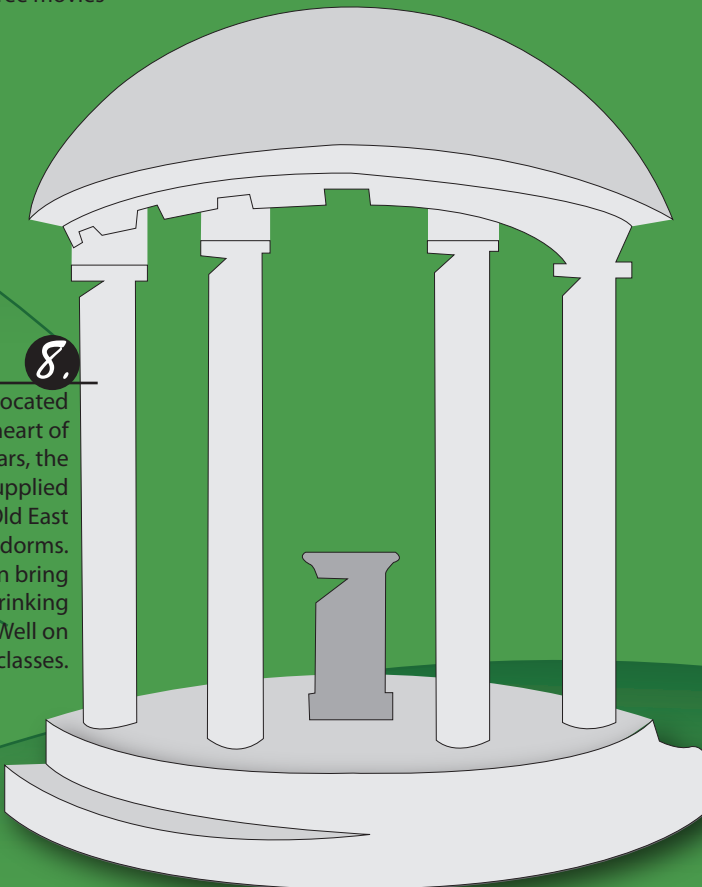

**5.** There are various places on campus to get a work out in. One of these prime locations is the **Student Recreation Center** located across the street from the Student Union. All a student has to do is show their OneCard and they are free to use whatever equipment they want to.

**6.** The **Morehead-Patterson Bell Tower** is located on mid-campus. Each day, the bell rings every hour. Seniors have the opportunity to climb the bell tower at the May commencement every year.

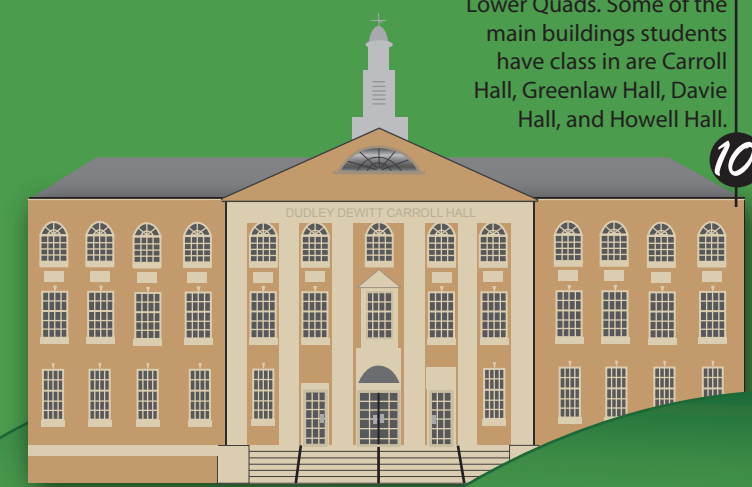

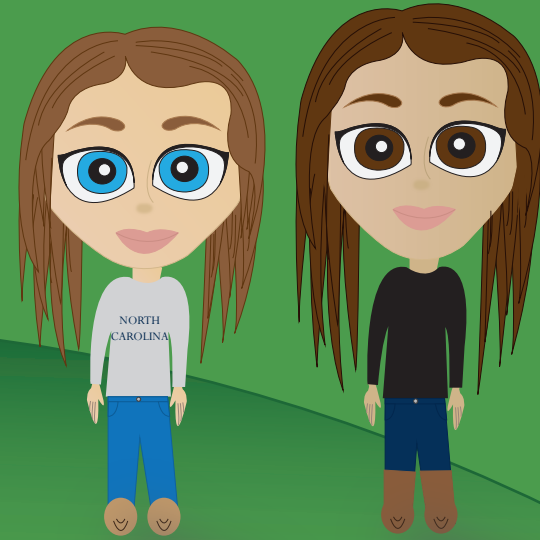

**7.** **Dorms** are found on both South and North campus. The university offers various options; from South campus' suite-style dorms to North Campus' hall-style dorms, there is somewhere for everyone to live.

**8.** The **Old Well** is located right at the heart of campus. For years, the Old Well supplied water for the Old East and Old West dorms. Students can bring good luck by drinking from the Old Well on the first day of classes.

**9.** There are two main **quads** on campus: the Upper and Lower quads. These are the places where you will find students when it is nice outside enjoying some time with nature.

**Classes** are located all over campus, but mainly they are in the Upper and Lower Quads. Some of the main buildings students have class in are Carroll Hall, Greenlaw Hall, Davie Hall, and Howell Hall.
